## INTENTIONAL. LIVABLE. REFLECTIVE. A HOME THAT'S UNIQUELY YOU.

Our intention is to create thoughtful spaces that embody your goals for ideal living. Whether that is a small craft room or an expansive home renovation, we put our hearts and souls into each project. We know the importance of each tiny detail, so we make sure each one fits your lifestyle.

In crafting thoughtful designs for our clients, we aim to marry both form and function so your space feels like home. The purpose is simple—to make your home comfortable, beautiful, and most importantly, livable.

Spanning different design styles is very important at Dwell Chic. From modern to traditional and everything in between, we realize one size (or style) doesn't fit all, and we love a good challenge! Though our inspiration and style may be derived from several different sources, it all comes down to creating the perfect vision and crafting the home that works for you and your family.

We're excited to start this journey with you. Feel free to reach out with any questions or to schedule a consultation with us.

Sarah and her team were great to work with! I loved their ideas and they always gave options. The more they got to know me, the more their ideas were molded to suit my tastes... while stretching my boundaries just a bit.

SARAH O'DELL  
FOUNDER & PRINCIPAL

Meet Sarah, the principal designer and founder of Dwell Chic. Since starting Dwell Chic in 20xx, she has grown the studio to serve the surrounding Upstate area and become a household name with her clients. Before Dwell Chic, Sarah served as a Certified Specialist of Wine with the E&J Gallo Company for several years before deciding to turn her attention to her true passion—interior design.

A glass of wine will always have a special place in Sarah's heart (and hand), but her life has been enriched by the fulfillment she gets from creating incredible, renewed spaces for her clients. Her fervor for developing creative solutions through collaboration with clients makes them feel at ease knowing she will bring the same passion and expertise to each project.
